Feeding Hogs On Garbage Now Unlawful

It is now unlawful to feed garbage to swine, according to Commissioner of Agriculture and Industries Richard (Dick) Beard. The law became effective October 1, 1971 and the only exception is a person feeding his own garbage to his own swine, Beard said.

The law applies to both raw and cooked garbage and states that "it shall be unlawful for any person, municipality, county, political subdivision, governmental agency or department, institution, individual, partnership, corporation, association, other entity or organization to feed garbage to swine."

Commissioner Beard said the law was passed in 1969 in order to control the spread of disease in hogs as well as in humans. Diseases commonly spread in swine are Brucellosis, Tuberculosis, Hog Cholera, Vesicular Exanthema, Salmonellosis, Trichinosis and others. Those that can be spread to man include Brucellosis, Tuberculosis, Trichinosis, Salmonellosis and others, Beard said.

Dr. J. G. Milligan, State Veterinarian, said that a law was passed in 1953 requiring garbage to be cooked before being fed to swine. In the period since, Alabama has had several hundred licensed garbage feeders. But it was impossible to enforce the law without having an inspection present daily, Dr. Milligan declared. So it became apparent that the only way to control the spread of diseases in swine was to prohibit all feeding of garbage, he added.

In the final phase of a national program to eradicate Hog Cholera and the elimination of garbage feeding is part of the overall program, Dr. Milligan explained.

ADULT EDUCATION HAS BEGUN IN ELBA

Adult Education classes began Tuesday October 5 at Mulberry School for anyone 16 or older interested in continuing their education, according to Wayland Sharpless.

Debbie Moore Is Selected 'Miss Elba'

Miss Debbie Moore, a 17 year old senior, was crowned "Miss Elba" Thursday evening after a highly competitive beauty contest held in the high school auditorium.

Debbie, the daughter of Mr. and Mrs. Art Stivers, edged out 19 other contestants for the crown and a chance to compete in the National Peanut Festival to be held later this month in Dothan. Debbie's father, the late Joseph M. Moore, was killed in Vietnam during 1966.

The blue-eyed brunette beauty is 5 feet 2 inches tall and weighs 105 pounds. She is a cheerleader and swimming is her favorite hobby. She is a member of the Elba Junior Music Lovers' Club, where she holds the office of vice president, the Elba Staff and the "G Club."

Debbie was crowned by last year's queen, Miss Debbie Fuller, after the winner and runners-up were announced by the Master of Ceremonies, Fred D. Donaldson, of Enterprise.

Runners-up were Cecelia Cooper in the first spot with Jenny Hamm capturing the second runner-up position.

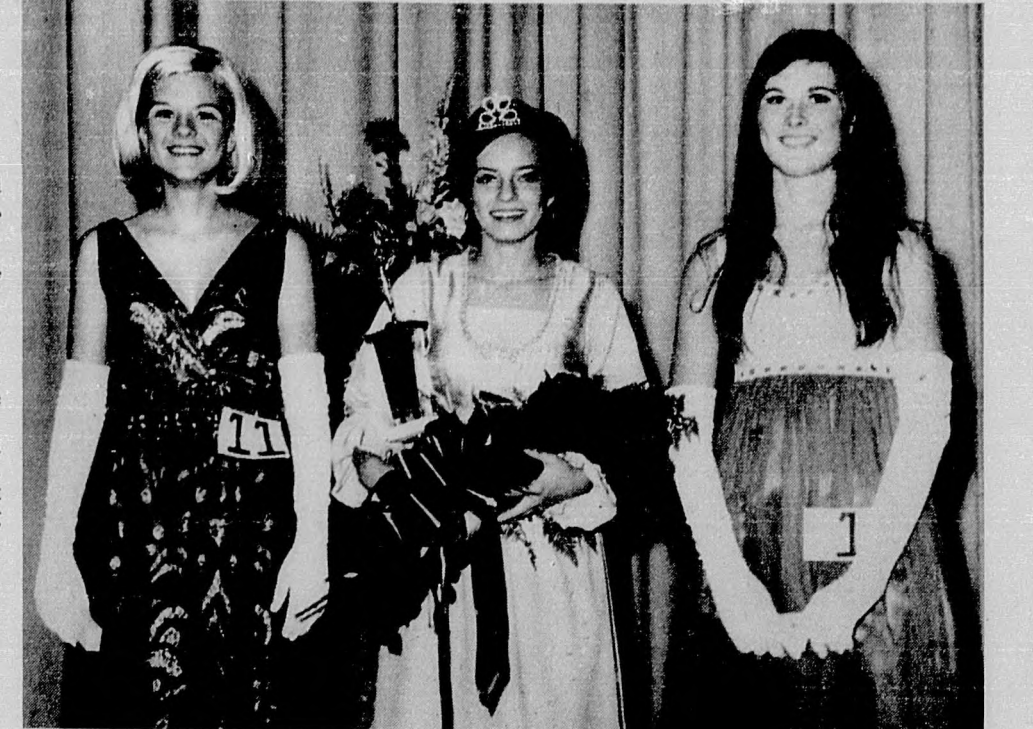

Cecelia, daughter of Dr. and Mrs. Bancroft Cooper, of Elba is also a 17 year old senior. She has blond

hair and blue eyes and stands 5 feet 4 inches tall. She is a cheerleader, vice president of the student council, president of the Elba Junior Music Lovers' Club and the Elba High School French Club, secretary of the F.H.A. and assistant editor of the Elba.

Jenny, the 17 year old daughter of Mr. and Mrs. Robert Hamm, is five feet five inches tall and has long brown hair.

She is a senior at Elba High and is a member of the F.A.A., student council and Junior Music Lovers' Club.

The contestants selected Jennifer Burdick as "Miss Congeniality" for 1971-72.

Good Nutrition Emphasized Oct. 11 - 15

The feeling of zesty living that lasts round the clock and calendar has its foundation in food. Foods for health and vitality are being emphasized during Good Nutrition Week, October 11 - 15, 1971. The statewide nutrition awareness campaign is being coordinated and sponsored by the Alabama Nutrition Council, an organization representing many agencies, institutions, and groups in Alabama.

Foods that form the basis for optimum health are grouped--to help you remember them--into four food groups. They are: the milk group; the meat group; the fruit and vegetable group; and the enriched and whole grain breads and cereals group.

When you are eating at home, good nutrition begins with meal planning and shopping in the grocery store. You invest time and money in three meals a day and between-meal snacks. For breakfast, lunch and dinner menus, plan to include one or more foods from each of the four food groups.

Each group of foods contributes essential nutrients necessary for body maintenance, repair and growth. . . yet no one nutrient can function independently. For example, calcium is not readily used to build bones unless a number of other nutrients are present. Also a lack of certain nutrients in the diet can account for nervousness, depression, fatigue and lessened ability to concentrate.

The basic four food groups easily provide for variety in flavors, colors and texture in food. . . for low and high-calorie foods for family food preferences and eating patterns based on nationality and religious customs. . . and individual family food budgets.

For toddlers, teens and adults, the basic four food groups can be the foundation on which to plan well-balanced meals and snacks. It's a daily investment in your health and well-being.

LASSETER HEADS PROMOTION

Howard Lasseter, President of the Coffee Cattleman's Association and the Alabama Cowbellers.

Harold Johnson of Reel-town, President of the Association, praised the efforts of county cattlemen's associations in developing programs and projects that are beneficial to the growing industry.

It is county associations like these that have made the production of Beef a billion dollar industry in the state," said Johnson. More than 1,500 restaurants, supermarkets and grocery stores are joining with cattlemen in Alabama's 67 counties in this salute to Beef. Also participating are the State Department of Agriculture and Industries, the Alabama Meat Packers Association, the Alabama Restaurant Association and the Alabama Livestock Markets Association.

On that day there will be no window service provided. There will be no delivery of mail by city or rural carriers. Regular holiday mailbox service will be provided and mail should be in boxes by 9 a.m. Regular holiday dispatches of mail will pre-vail with dispatch to Dothan at 9:25 a.m. and to Evergreen at 9:45 p.m., according to Postmaster Robert Cooper.

The Elba Post Office will observe Columbus Day on Monday, October 12, as a holiday. On that day there will be no window service provided. There will be no delivery of mail by city or rural carriers. Regular holiday mailbox service will be provided and mail should be in boxes by 9 a.m. Regular holiday dispatches of mail will pre-vail with dispatch to Dothan at 9:25 a.m. and to Evergreen at 9:45 p.m., according to Postmaster Robert Cooper.

DRIVE WITH CARE

Two Injured In Accident On Tuesday

On Tuesday morning of this week two employees of the Elba Water and Electric Department were injured while working near some high voltage line at the intersection of the Brantley highway and Highland Drive. The two men were Ronnie Carter and Kinny Ware.

The incident occurred when the two men were up in the "bucket" at the top of the boom truck and a piece of burlap covering the control panel caught fire from the 40,000 volt line near the side of the bucket. Carter attempted to reach the controls and lower the bucket but the heat was too intense. Both men jumped to the ground.

Carter suffered a foot injury and was hospitalized at the local hospital. Ware suffered a broken arm, dislocated shoulder and possible internal injuries. He was taken to Dothan by a unit of the Elba rescue squad.

The men are insulated from electrical shock while in the bucket from any electrical charge up to 100,000 volts. The accident was witnessed by Mr. Bill Crawford, according to local police. The alarm to the fire department was called in by Mrs. Oscar Vaughan, Jr.

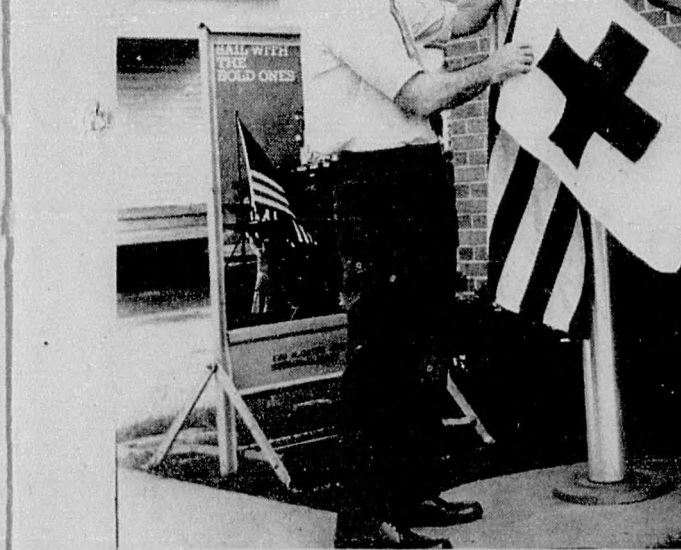

S. E. ALABAMA PASTORS HOLD MEETING

The Southeast Alabama Baptist Pastors Conference will hold its regular quarterly meeting on Monday, October 12 at 10:30 a.m. at the Selma Baptist Church, Dothan. The church is located on South Park Extension below the circle at Moore-Handley. Featured on the program will be Joe Lynch of the Haven and the Good Samaritan Inn and Roy Spears, pastor, First Baptist Church, Hartford. The new building at Selma will be toured. Final plans for the Bible Study in December will be announced. A free lunch will be served by the Selma church.

All pastors, ministers of education, ministers of music, ministers of youth, and retired pastors of the area covered by Salem, Troy, Barbour, Coffee, Judson, Columbia, Geneva and Dale Associations are invited to attend.

Cemetery Working At Richburg

A cemetery working is scheduled for Saturday, November 6th at the Richburg Cemetery near New Brockton on the Damascus Road. The working will be held all day and all interested persons are urged to attend.

RED CROSS DRIVE BEGINS - Elba Mayor Jack Brunson and Postmaster Robert Cooper are shown preparing to raise the American Red Cross flag to a position just below the American flag at the Post Office. This marked the start of a drive to reactivate the local chapter of the Red Cross.

Named as chairmen of the newly formed group is Mrs. Charles Lindsey, Mrs. Linds. announced that plans are working for a charity horse show and an air show, both in the near future.

Mrs. Mary Young watches as Mayor Brunson Proclaims Nutrition Week.

New Brockton Native Back From A Summer Apprenticeship In Spain

Selecting furniture for an Arabian prince was just part of a day's work for the college student from New Brockton, Alabama. The student was Hamp Hogg, a University of Alabama interior design major, and the prince was Prince Faisal of Saudi Arabia.

Hamp was working this summer as an apprentice in the Corrochano crafts shop in Spain's Hotel Me-lla Castilla when he was requested to help with the furnishing of Prince Faisal's penthouse apartment in Madrid.

"Some of the pieces I helped the Prince select were a vargueno, which is a Spanish writing cabinet, and a small, charitable stool, which is unique to Spain," said Hamp.

Through this work for Prince Faisal was perhaps the most exciting part of his job, Hamp devoted most of his time to learning the craft work operations in Spain. In the Corrochano shop he bought and sold beautifully wood carvings, exquisitely detailed leather

Hand made CRAFTWORK FROM SPAIN

goods and fine gold jewelry. The University senior's apprenticeship offered him a bonus in that his employer, Ali Corrochano, is head crafts work inspector for the Spanish Government. Hamp accompanied Corrochano on his visits to the Spanish crafts workers.

Hamp pointed out that much of the crafts work is still done in the home. "I said, 'who came from three generations of wood carvers. They just kept learning from each other.'"

Whether the hand work is done in the home or in a factory, it is subject to government inspection, according to Hamp. He said this is the government's method of maintaining a high quality of hand made crafts.

Hamp found that his suggestions on display of artifacts were eagerly sought by shop owners, and he was given a free hand in developing displays for the Corrochano shop.

After visiting Toledo, where gold crafts are made, Hamp was asked for ideas for new products. He suggested that the factory make more men's jewelry, particularly large cufflinks. He also recommended that the silver industry broaden its line of products to include more variety in the size of its goblets and bowls. He said that he felt there would also be a market for silver ladles, an item not in stock at that time.

For his five weeks apprenticeship, Hamp received a superior rating from Corrochano. As a student in the Summer Apprenticeship Program originated by Mrs. Doris Burton, director of interior design at the University, Hamp earned an A and three semester hours credit.

The interior design major extended his trip to include some sightseeing and was especially impressed with the Alhambra, the Moorish palace in Barcelona.

Ziglar's Are Parents

Of Fourth Child

Mr. and Mrs. Owen Ziglar of Elba County the birth of their son, Daniel Spencer. He arrived September 16, 1971 weighing seven pounds and 13 oz. Grandparents are Mr. and Mrs. Joe Frank Spencer and Mrs. Spencer Ziglar.

The Ziglar's have three other children, Joyce, Mike and Jo Lynn.

lona. "I found the Moorish design most impressive," he said. "It was very geometrical and well planned and showed that the Moors were great artisans as well as warriors."

In France he was impressed with the Palace of Versailles. He also liked the Savoy Villa by the Architect Corbusier.

"Corbusier is one of my favorite architects," he said. "I like his style. It is plain but elegant."

Now that he is back on campus, Hamp is busy with his last year of college and with his job as a student assistant in the Gorgas Home. Working under the direction of Mrs. Carolyn Stewart, head of the Department of Clothing, Textiles and Design, he assists with furniture arrangement and displays in the pre-Civil War house.

With his summer in Madrid still fresh in his mind, Hamp is already trying to interest other interior design students in an apprenticeship with Corrochano. "It's an ideal opportunity to grasp the international aspect of design and the influence of art on interior design," he said.

Randall Brunson Akridge Completes Completes Army Advanced Training

Private Robert R. Brunson, son of Mr. and Mrs. Forrest P. Brunson, Elba, recently completed eight weeks of advanced individual training at the U. S. Army Armor Center, Ft. Knox, Ky.

During the training, students learn the duties of a tank crewman, including the firing of the tanks' armament and small weapons. They also receive instruction in field radio operation, map reading and tank maintenance and repair.

Private Brunson entered the Army last May and completed Basic Training, at the Fort.

The 22-year old soldier was graduated from Elba High School in 1967 and was employed by Shell Oil Co., in New Orleans, La., before entering the Army.

His wife, Judie, lives at 100 Sussex Ave., Troy.

Pvt. Pinckard Completes Army Basic Training

Private James M. Pinckard, 17, son of Mr. and Mrs. William C. Pinckard, Route 2 Brundidge, recently completed eight weeks of basic training at the U.S. Army Training Center, Infantry, Ft. Polk, La.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and Army history and traditions.

Pinckard, who is currently a member of the Elba High School football team, plans to continue his education at the University of Alabama.

His father, William C. Pinckard, is a farmer and a member of the Elba High School board of trustees.

Pinckard's mother, Mrs. William C. Pinckard, is a homemaker and a member of the Elba High School PTA.

Top Plant Honored On 80th Birthday Recently

The 80th birthday of anyone is a special occasion and Saturday afternoon, September 18th was truly a day of celebration for the Elba Plant. The plant, which has been a part of the community since 1911, celebrated its 80th birthday with a series of events.

At the plant, employees and their families gathered for a special luncheon. The plant manager, Mr. Jack Brunson, gave a speech in which he thanked the employees for their dedication and hard work over the years.

The plant has a long history of providing employment for the community. Since its founding in 1911, it has grown from a small operation to a major employer in the area.

The plant's success is a testament to the hard work and dedication of its employees. It has provided a stable source of income for many families in the community.

The plant's commitment to its employees is evident in the benefits and programs it offers. It has always been a place where people can find a good job and a good home.

The plant's 80th birthday is a milestone in its history. It is a testament to the plant's enduring success and the community's support.

The plant's future is bright. With the continued support of the community and the dedication of its employees, it is sure to continue to grow and prosper.

The plant's 80th birthday is a celebration of its past, present, and future. It is a day to be proud of and a day to look forward to.

The plant's 80th birthday is a day to be remembered. It is a day that will live on in the hearts of the community.

The plant's 80th birthday is a day to be celebrated. It is a day that brings joy and pride to all who are part of the plant's history.

The plant's 80th birthday is a day to be honored. It is a day that recognizes the plant's contributions to the community.

The plant's 80th birthday is a day to be cherished. It is a day that will be remembered for years to come.

cake and nuts from a table decorated with lovely fall flowers. Gerri Ann Plant and Scott Kellner, great grandchildren of Mr. Plant's, passed the napkins and plates.

Mr. Plant enjoyed visiting with friends and family and was happy to have his only sister, Mrs. Bonnie Madrox of Andalusia, present for the occasion.

Approximately 100 guests came by to wish him a "Happy Birthday."

What you can do if our toll billing machine slips a digit.

It's a "long distance" problem. A billing mistake can happen, we're only human. When one does it's probably on a long-distance toll call. For example, part of a number might get reversed. Say someone calls Nome, Alaska from 564-1234. Then, man or machine slips up and records 654-1234. Unfortunately that's your number. So the call is billed to you. But, don't worry. You don't have to pay for a call you didn't make. (Of course, there are also other types of mistakes. Like a call you did make and then forgot.)

Don't pay for mistakes. We don't expect you to pay for our slip-ups. In fact, we don't want you to pay for your own mistakes either. If you place or dial a long-distance number incorrectly tell the operator right away. She'll give you credit.

Wait till next month. Once we know a charge is not right our billing people take over. If at all possible they'll get your next bill credited. However, because billing is done in cycles (one batch at a time) the adjustment may not show up till the bill after that. It all depends on when your report reaches us.

Everything will come out all right. We've been doing business with you for a long time and hope to continue. So you know we don't want to lose your trust and confidence over one little long-distance call. Even if it is to Alaska.

Call us and complain. Call your local telephone business office and tell us if you think we goofed. We'll investigate and credit your account, if it's not your call.

ELBA RECORDS BIG WIN OVER OZARK: 20 - 14

The Elba Tigers brought home a big win last Friday night when they defeated the Ozark Eagles 20-14. The Elba team had to come from behind twice for the win.

The game saw a back and forth during the first quarter with neither team crossing the goal line. On the first play of the second quarter Bill Scarbrough intercepted an Ozark pass on the Elba 14 yard line. Three plays later O-Zark intercepted an Elba pass on the Elba 8 yard line.

Two plays later John Neher of Ozark scooted around his left end for six points. The PAT attempt was good and Ozark led 7-0.

Elba received the Ozark kick but couldn't move the ball and kicked on 4th. Ozark fumbled the punt and Elba recovered on their own 47, giving them a first down. The pleasure was short lived however as Ozark intercepted a Flowers pass at the Ozark 44.

Ozark then came over passing and Ronnie Powell broke up a long Eagle pass. Ozark missed on another pass before almost dropping one right into the hands of Elba's Jimmy Bailey.

The passer had been badly rushed by Elba linemen. The Eagles had to punt after failing to move the ball any on that series of downs. Stevie Daniels took the ball on his 22 yard line. Two plays later he caught a Flowers pass to the Elba 49 for a first down. Quarterback Flowers then ran the ball twice and got a first down at the Ozark 34. Elba failed to get another first down in this series and the ball went over to Ozark. Mike Bullard quickly recovered an Ozark fumble on the Ozark 23 yard line and on the first play of the series Flowers completed a pass

to Jimmy Bailey, all alone in the end zone for six points. The PAT by Stevie Daniels was good and the score was tied at 7-7.

Elba attempted an on side kick that was picked up by Ozark at the 49 yard line. Ozark then started driving down field and in eight plays Ozark's Neil Ethridge was in the end zone with 6 more points and only seconds left in the first half. The PAT was good and Ozark led 14-7. During this series of downs, Mark May and Ronnie Powell each made an excellent defensive stop on Ozark.

As the second half opened, the teams swapped possession of the ball with Ozark getting inside Elba's 20 yard line but sputtering out before chalking up a score. Elba punted on the third down after quarterback Flowers was hurt and the Tigers had 17 yards to go for a first down.

This Elba punt was dead on the Ozark 32 yard line and two plays later Elba had another Ozark fumble in the center of the line. The ball was now on the Ozark 33 yard line and on the first play following the Ozark fumble, Flowers arched a pass into the end zone to end Leon Bullard. The PAT was good, and the score was tied at 14-14.

"The Elba offense just kept moving like it should," said Akins. Coach Akins noted that Elba's pass protection was better than it ever had been and he was proud of that.

Turning to Enterprise for this Friday, Akins said, "They are always well coached and this year they are a dog-gone good team. They have that little number 20, the 145 pound fullback that can really carry the football. When he is not carrying it they have the big number 41, Brundidge

the Ozark Eagles as Elba set its teeth to block the punt.

Big Willie Tyson was instructed to block the Ozark guard out and into the Ozark tackle, making room for Bill Scarbrough to get a running start at the Ozark kicker. Scarbrough shot the gap and the punt hit him full in the chest, bouncing into the end zone just ahead of Scarbrough who pounced on the pignin for another Elba TD. The PAT was good and the Tigers lead 20-14 in what proved to be enough to win against the big 4-A Ozark Eagles.

Ozark was determined to strike again and moved the ball to the Elba 14 yard line once before the Tigers dug in and pushed them back to the 19 as they ran out of downs. Big plays in this series were credited to James Williamson, Bill Scarbrough, Larry Sutley, Joe Prior, Jim Bailey, Ronnie Powell, Mark May and Mark Smart.

In an interview Monday evening, Coach Akins had high praise for the defensive work of Bill Scarbrough and also said James Williamson had some real big plays. Akins also said "There was a lot of difference in Ozark and Hartford - the game was much harder to win."

"The Elba offense just kept moving like it should," said Akins. Coach Akins noted that Elba's pass protection was better than it ever had been and he was proud of that.

Turning to Enterprise for this Friday, Akins said, "They are always well coached and this year they are a dog-gone good team. They have that little number 20, the 145 pound fullback that can really carry the football. When he is not carrying it they have the big number 41, Brundidge

who is well remembered by Elba fans and he is much better this year." The game will be played in Enterprise.

National Newspaper Week Observed
October 10 to 16

The week of October 10-16 is National Newspaper Week. This is the one time during the year when the more than 9,000 weekly and daily newspapers of the nation join hands, as a group, and make a concerted effort to promote a better understanding of newspapers and the vital role they play in preserving the great American way of life, which we cherish.

"Newspapers: Growing with America" is the theme for this year's observance.

Newspaper Week is one of the more significant of the many special weeks observed in this country. It is one which seemingly at first glance is important to only one kind of business, but actually it is of major importance to every citizen.

This week is not primarily set aside for newspapers to indulge in self-praise, but it is a time to remind readers of the fact that growth in this free nation goes hand in hand with growth in its free press.

Wars have been fought to gain and preserve our independence. So, too, is battle waged by the newspapers of our country to defend and guard the freedoms and rights of a free people. This is a never-ending fight, quite at times, at other times loud - but always on behalf of the American people.

It was Eugene Fitch Ware who said: "No town can hope prosperity and trade. Unless the press shall vigorously aid."

Both Auburn and Alabama should have moved further in the national rating football season for ratings by the time this gets a brief look at the upcoming World Series. At the time of this writing, it appears that San Francisco and Baltimore occupy the favorite's roles in the drive for the pennant. But, in these days of super talent on every team, consistency becomes a big factor.

Consider Vida Blue, one of Oakland's young superstars. He won eighteen games before the All-Star break this season, yet finished with only a 24-8 record. He still has the best of the season. It is a fact that he stands a good chance to win the Cy Young Award for the major league pitcher of the year, but he need not expect great things from Charlie Finley's stands each Saturday.

Finley, in an effort not to wear out Blue's arm early in his career, had performance of the team and could cost them one or two balmages.

Spirit and desire are more noticeable at Alabama and this along with everything else they have could spell trouble for the AU Tigers on November 27th.

Until last on purpose, this game last Friday night was the first time I came home really proud of the way our team played. A team that plays the defensive game these boys played has got to have some good in them after all. Three times the defense forced breaks and the team capitalized on them with a score. The defense did outline the offense but knowing no more about Ozark than I do, it is impossible to say if they were putting on a supreme defensive effort or if our offense was just down Friday night. Regardless of that, I salute the Elba T-

Lt. Governor Beasley Calls Senators To Meet

Lt. Governor Beasley stated today that he has issued a call to all members of the Senate to meet Friday at the State Capitol to discuss the crisis facing state government.

This meeting will be at no expense to the state and the sole purpose is to seek out areas of agreement and common ground amongst the various factions in the Senate, according to the Lieutenant Governor.

Beasley stated: "We all realize that a financial crisis now exists in our state government. While revenue measures to fund mental health, and other state programs must originate in the House of Representatives, the Senate must take an active interest in working out solutions to the problems caused by lack of funds on the state level."

"Other areas of concern will be discussed such as the ad valorem tax assessment problem, the possibility of redistributing and reapportionment plans, the ethics legislation, and any other matters that the individual Senators would want to consider."

Beasley had the best day of his career at Auburn Saturday. His nine grabs for 194 yards was truly a great performance. It's very difficult to criticize the Montgomery red-head for dropping passes when he catches them standing on his head.

Musso, in my opinion is the best running back in the nation, not only gaining yardage at will, but blocking everyone who tried to lay a hand on his team. He's a hero, but the All-America picks at the end of the season will do that.

This week's game for the Tigers and the Tide should both be pushovers. Vanderbilt was upset last week by a lowly Virginia team, and southern Mississippi has been less than impressive thus far in the season. Alabama will outclass the Commodores by 42-0. Auburn will smash southern Mississippi 45-0. Other games:

Nebraska over Missouri North Carolina over Tulane Duke over Clemson FSU over Miss. State LSU over Florida Tennessee over Ohio University Michigan St. over Michigan Ole Miss over Georgia Ole Miss over Oklahoma Texas over Oklahoma

Barley Included In 1972 Feed Grain Program

Pointing out that 1972-crop barley is now being seeded in Coffee County, local farm program official, Leon Weeks reminded growers that barley is included in the 1972 Feed Grain Program. It was not included in the 1971 programs.

Eligible growers who plan to participate in the 1972 Feed Grain Program should take note that an acreage set aside will be required of between 20 and 35 percent of a farm's barley base as well as of the corn and grain sorghum base.

Inclusion of barley in the 1972 program means that the set-aside payments will be made, as they are made for corn and grain sorghum set-aside acreage.

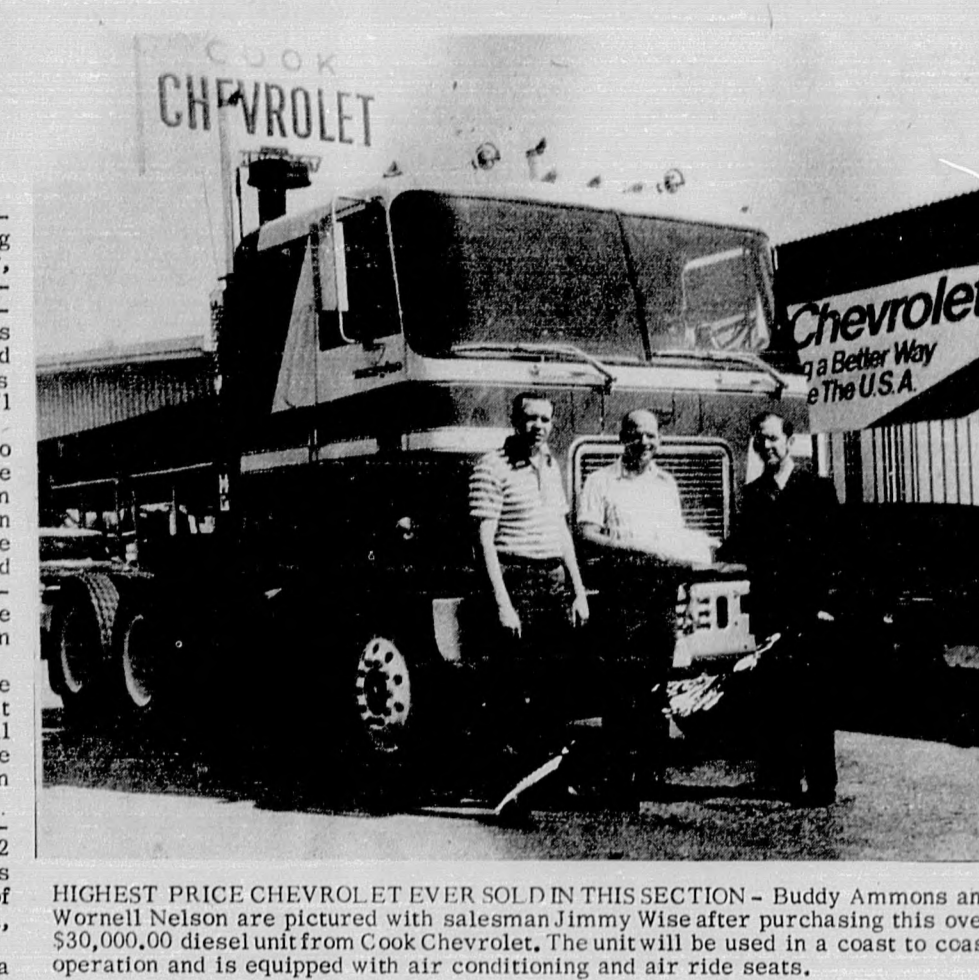

The reminder that barley will be included in 1972 Feed Grain Program is also important because of the substitution provision, he said.

Substitution permits a program participant to choose a crop best suited to his farm and market operations and still earn payments and history credit for the crop historically grown on the farm.

Barley growers who were not in the program in 1971 were also reminded that a set-aside requirement does not mean an acreage limitation on any crop.

Full details of the 1972 Feed Grain Set-aside Program are expected to be received in the Coffee County Agricultural Stabilization and Conservation Service (ASCS) office in the near future, said Leon Weeks, COUNTY ASC Committee Chairman. "Farmers will be told as soon as possible of all the details," he said.

Coffee County Troopers investigated 1 accident this weekend with no injuries and no fatalities. So far this year 6 people have been killed in motor vehicle traffic accidents in this county as compared with 5 killed during the same period last year.

HIGHEST PRICE CHEVROLET EVER SOLD IN THIS SECTION - Buddy Ammons and Wornell Nelson are pictured with salesman Jimmy Wise after purchasing this over \$30,000.00 diesel unit from Cook Chevrolet. The unit will be used in a coast to coast operation and is equipped with air conditioning and air ride seats.

REPORTS ON CONSUMERS EXPLAINED

Do you know the difference between credit reports and investigative reports?

Regular credit reports are compiled and maintained through personal interviews with neighbors, friends or associates of the consumer reported on or with other people with whom the consumer is acquainted.

A credit bureau doesn't normally compile this type of report. However, some times an employment report made by a credit bureau will contain investigative information. Miss Bryan adds that the information normally accumulated in a credit record consists of identity information - name, address, marital status and social security number. It also includes present employment - position held, length of employment and income. And it contains personal history - date of birth, number of dependents, previous address and previous employment information. Credit history cre "experience with credit - lenders, and public record information, which credit granters feel is important to know, are also included in the report.

Band Members Plan For Christmas Party

It may seem a little early to some people to begin thinking of Christmas, but it didn't seem so to the 23 members of The Elba Marching Tigers Band who met Sunday afternoon to begin work on their annual band dance. With the fall months crowded with football games and two marching contests to be prepared for, the band council felt it necessary to get things going early for their Christmas party, Saturday, December 11th, has been reserved for this affair, which will be held in the Elementary School Cafeteria.

Twenty Committees were appointed with each bandman being assigned to one. Several committees will begin their work immediately.

The December dance is one of the social events provided The Marching Tigers by the Band Boosters' Club.

Officers: Cindi Stokes, Vicki Taylor, Cecelia Cooper, Debi Padgett, Chaplain, Angie Bedsole, Reporter Teresa Rachel, Parliamentarian, Debbie Bowers, Song Leader, Babs Bruce, Pianist Debra Boutwell, Recreational Leader, Billy Faye Scott, Historian Beverly Cox, Photographer, Debbie Davis.

FHA Club Holds Monthly Meeting

The Elba Chapter of the Future Homemakers of America held its first meeting of the school year on September 21, 1971 in the high school auditorium. The meeting was begun by President Cindi Stokes leading the group in the opening ceremony. Angie Bedsole, Chaplain, led the group in a very inspirational devotional. Vice President Vicki Taylor introduced our guest, Mr. L. F. (Sonny) Inman, who presented an excellent program entitled "Preparedness-The Key To Opportunity." The purpose of this was to help youth develop initiative and resourcefulness in creating employment and preparing for work.

After his presentation, the meeting was adjourned.

FHA Picks Up 5 New Members

On Monday, September 27, 1971, at 4:30 p.m., a very impressive initiation ceremony was conducted by President Cindi Stokes and other officers. Before the initiation began President Cindi Stokes reviewed state, local and national projects for the school year 1971-72. One of our local projects will be to sell Money Saving Cookbooks. Mr. Lloyd Edgar, representative from Montgomery, discussed the project with our club members. After the ceremony and business, the old and new members were invited to the Vocational Building for refreshments.

French Club Elects Officers

The Elba High School French Club held its first meeting of the 1971-72 school year on September 28, in the auditorium during homeroom period. Mrs. Padgett called the meeting to order and announced the names of students who had paid their dues. Then she presided over the nominations for "Student of the Month," oper, president; Cherri Clay, vice president; Ann Martin, recording Secretary; Melanie Carley, attendance secretary; Alice Brunson, corresponding secretary; Jack Brunson, treasurer; and Tony Martin, reporter. There being no further business, the meeting was adjourned.

Science Club Meets

September 24th

The Elba High School Science Club held its first meeting, Friday, September 24, 1971. Old and new members are invited to join the club.

The fees this year are \$1.50 and are to be paid by November 1, 1971. Fund-raising ideas were discussed. It was decided that if available \$50 would be donated to the Student Council toward the Homecoming Dance.

JIMMY COOK

Jimmy Cook, the Senior of the Week, is the son of Mr. and Mrs. Drexel Cook.

His main interest is football and his favorite hobbies are hunting, fishing and swimming. His pet peeve is a broken arm.

He is a member of the 4th Quarter Club, and the E Club. Jimmy is busy this year studying speech, democracy, mythology, business law, business math and Bowdell. Like most of the rest of us, he thinks our entire school building should be air-conditioned.

Jimmy thinks of high school as a place to get an education. After completing high school, he plans to further his education on a college or University level.

Mu Alpha Holds First Meeting

The Elba High School Mu Alpha Theta Club met Thursday, September 16, in the auditorium. This honorary math club is sponsored by Mrs. Sue Addison and Mrs. Mary T. Carnley, who are assisted by Mr. William Boyd.

The following students were elected to serve as officers this year: Steve Johnson, President; Cherie Clay, Vice President; Susan Danford, Secretary and Treasurer; and Ann Martin, Historian.

This year plans for a more active club are being made. New plans include two monthly meetings—one for business and one for a program. So look out for a new more enthusiastic math club.

Top Salesmen Of Band Christmas Card Sale

These girls were the top salesmen in the Christmas Card Sale last week. The sale began on Friday, September 24, and ended on Tuesday, September 27.

The Marching Tigers were conducting the sale and each band member was expected to sell 12 boxes of cards. The top salesman, Kathy Bowers, will receive \$10 from the Band Boosters and the other girls will receive \$5 each.

PAM FRASIER IS THE WINNER. In the selection of Miss USS ALABAMA for 1971-72, Pam Frasier, a senior, was chosen as the winner.

Most local folks in the rural areas and in New Brockton, Enterprise, and Elba and Kinston know of the services of the Coffee County Extension Service. However, during the past several years thousands of new people have moved into our area, and this has been a blessing to us. We especially want to invite the new people as well as the others to take full advantage of the educational programs provided by your County Extension Office. Our primary work is in agriculture, home economics, and 4-H Club work. We also work closely with all farm related organizations in the county.

One of the strong points of our work is that we have a specialist staff at Auburn to help us with problems that arise that we are not able to handle locally. For example, we have a nematode laboratory, plant disease laboratory, and a staff made up of men and women specialists who are experts in their fields. Our office is located in the Courthouse in Enterprise.

Unfortunately, Allied Chemical Company is no longer making the Mirex fire ant bait available to County Fire Ant Committees. For a number of years we have been able to get this material at greatly reduced prices and hundreds of people have taken advantage of it.

December and January are excellent months to buy pine seedlings. We are not doing as much commercial planting as we did several years ago under the Soil Bank Program, but there are still quite a few pines being planted about 12 or 13 years ago. Two folks who did excellent work in this area are T. O. Nichols and Glen Green of the Mt. Pleasant community.

We will have some pines available for those who want to plant them around their homes and property. And avoid high objects, particularly single trees. Be alert for any sensation of tingling skin or hair standing on end. This indicates an electrical charge and can mean lightning is about to strike. People feeling this sensation should drop to the ground immediately.

Egg whites sometimes stick to the inside of a shell of raw eggs, making it difficult to remove. Basically this is because the eggs are fresher and the white is thicker.

Candies and meringues made with honey may absorb excess moisture, making them soft and sticky. Freezing intensifies the honey flavor in bake products.

The annual homecoming will be observed Sunday, October 10, 1971 at White-water Baptist Church. Services will include the regular morning service at 10 a.m. and preaching at 11 a.m. with the pastor, Reverend David Hinchburg. A noon meal will be served and the public is invited to attend. The afternoon will be for fellowship with members and friends.

By Tom Casaday, County Extension Chairman

Most local folks in the rural areas and in New Brockton, Enterprise, and Elba and Kinston know of the services of the Coffee County Extension Service. However, during the past several years thousands of new people have moved into our area, and this has been a blessing to us. We especially want to invite the new people as well as the others to take full advantage of the educational programs provided by your County Extension Office. Our primary work is in agriculture, home economics, and 4-H Club work. We also work closely with all farm related organizations in the county.

One of the strong points of our work is that we have a specialist staff at Auburn to help us with problems that arise that we are not able to handle locally. For example, we have a nematode laboratory, plant disease laboratory, and a staff made up of men and women specialists who are experts in their fields. Our office is located in the Courthouse in Enterprise.

Unfortunately, Allied Chemical Company is no longer making the Mirex fire ant bait available to County Fire Ant Committees. For a number of years we have been able to get this material at greatly reduced prices and hundreds of people have taken advantage of it.

December and January are excellent months to buy pine seedlings. We are not doing as much commercial planting as we did several years ago under the Soil Bank Program, but there are still quite a few pines being planted about 12 or 13 years ago. Two folks who did excellent work in this area are T. O. Nichols and Glen Green of the Mt. Pleasant community.

We will have some pines available for those who want to plant them around their homes and property. And avoid high objects, particularly single trees. Be alert for any sensation of tingling skin or hair standing on end. This indicates an electrical charge and can mean lightning is about to strike. People feeling this sensation should drop to the ground immediately.

Egg whites sometimes stick to the inside of a shell of raw eggs, making it difficult to remove. Basically this is because the eggs are fresher and the white is thicker.

Candies and meringues made with honey may absorb excess moisture, making them soft and sticky. Freezing intensifies the honey flavor in bake products.

The annual homecoming will be observed Sunday, October 10, 1971 at White-water Baptist Church. Services will include the regular morning service at 10 a.m. and preaching at 11 a.m. with the pastor, Reverend David Hinchburg. A noon meal will be served and the public is invited to attend. The afternoon will be for fellowship with members and friends.

Fred Harper, Cheryl DeVane, Mary Boswell, Betty Lou Hodge, Eliza Owens, Monroe Leverett, James N. Wilkerson, James B. Adkinson, Molly Stellner, Marilyn Boswell, Shelly Newman, Syble Berry, Linda Ware, Juanita Pouncey, Weldon Bryan, Willie Smith, Mary Owens, Ester Paul, Drexel Boothe, Paul Revels, Cathy Johnson, Michael Martin, Mattie Lewis, Agnes Thomas, Mary Flowers.

Noise Pollution
Is Home Problem

Home has always been thought of as a haven for quiet and relaxation, says John R. Cain, David Grant, Donnie Marler, Lora Johnson, Trudie Thomas, Rhetus Crook, James R. Vaughan, Q. P. Boswell, John Frank Burkett, Hugh Davis, Annie L. Bryan, Lila Hurst, Missouri Dedde, Eldon E. Williamson, Willene Owens, Forrest Brunson, Arkie Hodge, Sara Bell Wambles, Clermon Hanchey, Roman Rex Rhodes.

Persons discharged during this same period of time were:

Cheryl DeVane, Mary Boswell, Betty Lou Hodge, Eliza Owens, James Wilkerson, Molly Stellner,

Marilyn Boswell, Juanita Pouncey, Weldon Bryan, Willie Smith, Mary Owens, Ester Paul, Drexel Boothe, Paul Revels, Cathy Johnson, Michael Martin, Mattie Lewis, Agnes Thomas, Mary Flowers.

Since equipment is often more noisy when it needs repair, keep all household and lawn equipment in good repair.

Avoid prolonged use of noisy equipment. Use noisy equipment in isolation or with as few people around as possible. Try not to use more than one noisy appliance at a time.

Use materials—acoustical ceiling tiles, carpet etc.—that help deaden noise.

Mrs. Speakman says keeping the volume of musical equipment and appliances at a low level is well within the control of the homemaker.

she's trying to hear a television soap opera over all that then, the noise problem is compounded. Convenience items, such as power lawn mowers, motorcycles and musical or stereo systems, are also major noise offenders.

Can you totally avoid noise pollution? Probably not, but there are ways you can minimize it, adds Mrs. Speakman.

When buying household equipment, select the most silent models. Industry has eliminated noise from many products. But many consumers equate noise with power and are afraid to buy a quiet item. "Quiet" and price being about the quietest item is a buy if noise bothers.

Since equipment is often more noisy when it needs repair, keep all household and lawn equipment in good repair.

Avoid prolonged use of noisy equipment. Use noisy equipment in isolation or with as few people around as possible. Try not to use more than one noisy appliance at a time.

Use materials—acoustical ceiling tiles, carpet etc.—that help deaden noise.

Mr. and Mrs. W. T. Whitman attended the National Retail Druggists' Association which met in Cleveland, Ohio last week.

The October meeting of the Elba Study Club was held in the home of Mrs. C. H. Selbert with Mrs. J. O. English assisting hostess.

Mr. and Mrs. Alma Mack are the proud parents of a baby girl.

Dr. and Mrs. W. M. Ringsdorf and children visited in Lafayette during the week end, guests of Mr. and Mrs. J. P. Frazer.

On October 8 the Lee Club held its regular meeting. The meeting was called to order by the president, Roll call and minutes were read by the secretary. The meeting was turned over to the leader.

The "Go To Church Month" is in progress at the Elba Baptist Church. The church is well attended in its Sunday services.

At the urgent request of Secretary of the Navy Frank Knox, the American Legion, Departmental Commanders of Alabama and every Legion post in Alabama, have pledged themselves to secure at least 140 recruits for the Navy.

The "Go To Church Month" is in progress at the Elba Baptist Church. The church is well attended in its Sunday services.
